

3 easy steps and you're done. We take care of the rest.

1. Go online (www.ImmTrac.com) to download a consent form or speak to your health-care provider about signing up.

2. Gather your family's official immunization records.

3. Deliver your consent forms and immunization records to a health-care provider authorized to access ImmTrac.

Once registered, your complete immunization history is available to you and your health-care provider anywhere in the state, when you need it.

**When there's no time to
think about your vaccines
— you won't have to.**

ImmTrac
Texas Immunization Registry

You're on the front line of disasters. You are peace officers, firefighters, emergency medical workers, the first ones there in an emergency. Saving lives is your job — that's why you need to be sure you have all the necessary immunizations to keep yourself healthy and safe.

Keep your health on track.

ImmTrac is the Texas immunization registry, a free, secure online system from the Texas Department of State Health Services (DSHS). You may know it as the system that tracks children's vaccines. Now first responders and their immediate family members can also store their immunization records safely and securely all in one convenient place, ImmTrac. In an emergency you will only need your ImmTrac client ID number to obtain your complete immunization records. You will know which vaccines you need and when you need them. You will be ready to help; any time, any place.

Act Now.

For more information, visit www.ImmTrac.com, call the Immunization Branch of DSHS at (800) 252-9152 or contact your local health department.
